## ~ REFLECTION ~

If our God were a vengeful God, who could survive? We are sinful creatures, struggling to do good in God's eyes, but often coming up short. Even now, during this penitential season, we need to seek God's mercy. Fortunately, our God is a merciful God, always ready to forgive us. As we celebrate with each other today, let us thank God for this overflowing mercy and consider those whom we ourselves need to forgive.

## ~ REFLEXION ~

Si nuestro Dios fuera un Dios vengador, ¿quién pudiera subsistir? Somos creaturas pecadoras y batallamos para hacer el bien a los ojos de Dios, pero a menudo nos quedamos cortos. Aún ahora durante este tiempo penitencial necesitamos pedir la misericordia de Dios. Afortunadamente nuestro Dios es un Dios misericordioso, que siempre está dispuesto a perdonarnos. Al celebrar hoy juntos demos gracias a Dios por su rebosante misericordia y tengamos presentes a aquellas personas que necesitamos perdonar.

### ***Did You Know?***

In the Protecting God's Children program, adults learn how to identify potential signs of abuse and how to pick up on red flag behaviors that indicate a potential predator, even before abuse happens. Another tool in the arsenal of child protection is creative problem solving, where adults learn to think outside the box when it comes to finding solutions for protecting children. One very effective creative problem-solving tool is to refocus the group's thinking, turning it away from the perceived "problem" and productively more toward a collaborative solution.

Consider the challenge of how to deal with registered sex offenders whose children attend the school or participate in religious education at the parish. Rather than discuss the topic, the leader might ask participants to finish the following sentences, "Wouldn't it be awful if..." and "Wouldn't it be wonderful if..." Once everyone has provided responses, the group can look through the answers to find connecting themes that may provide a previously untried solution

**Sabia Usted?** En el programa Protegiendo a los niños de Dios, los adultos aprenden cómo identificar posibles signos de abuso y cómo detectar comportamientos que indiquen la existencia de un posible depredador, incluso antes de que ocurra el abuso. Otra herramienta preventiva de protección infantil es la solución creativa de problemas, donde los adultos aprenden a pensar de manera innovadora cuando se trata de encontrar soluciones para proteger a los niños. Una herramienta creativa muy efectiva es reenfoque el pensamiento del grupo, alejándolo del "problema" percibido y orientándolo productivamente hacia una solución colaborativa. Considere el desafío de cómo tratar con los delincuentes sexuales registrados, cuyos hijos asisten a la escuela o participan en la educación religiosa en la parroquia. En lugar de discutir el tema, el líder podría pedirles a los participantes que terminen las siguientes oraciones: "¿No sería horrible si ..." y "¿No sería maravilloso si ..." Una vez que todos hayan respondido, el grupo puede revisar las respuestas para encontrar temas de conexión que pueden proporcionar una solución no probada anteriormente
