~ REFLECTION ~

The Holy Spirit draws us here today to listen to God's living word, to receive the Lord in the Eucharist, and to give praise and thanks to God. During the week, many of us work hard to make our lives comfortable, aiming for a promotion or raise, earning enough to afford the nicest things, putting money away for an easy retirement. Today's readings will give us the bit of shock we need to put those parts of our life in perspective. "Vanity of vanities!" cries the first reading's narrator, ridiculing the idea that we have total control over the rest of our lives. May we reorient ourselves toward what really matters.

~ REFLEXION ~

El Espíritu Santo nos acerca aquí hoy para escuchar la palabra viva de Dios, para recibir al Señor en la Eucaristía, y para dar gracias y alabanzas a Dios. Muchos de nosotros trabajamos duro durante la semana para tener una vida más cómoda, lo cual incluye aspirar a un ascenso o aumento de salario, ganar lo suficiente para permitirnos las cosas más finas o atractivas y ahorrar dinero para tener una jubilación más cómoda. Las lecturas de hoy nos darán una dosis del estremecimiento que necesitamos a fin de poner en perspectiva esas partes de nuestra vida. "Vana ilusión", clama el narrador de la primera lectura y ridiculiza la idea de que tenemos un control completo sobre el resto de nuestra vida. Consideremos reorientarnos hacia lo que verdaderamente es importante.

DID YOU KNOW? Underage drinking can certainly get your teen into a lot of trouble — loss of driving privileges, fines, and even criminal charges. But underage drinking can also cause significant brain damage. An adolescent's brain does not fully develop until the age of 25. Early alcohol use can affect that development, causing memory problems and potential dependency on alcohol later in life. For more information to share with your teenagers, read the VIRTUS® article, "Underage drinking isn't just illegal, it damages the brain" at lacatholics.org/did-you-know/.

SABIA USTED QUE? El consumo de alcohol por menores de edad sin duda puede causar muchos problemas a su hijo adolescente: pérdida de los privilegios de conducir, multas e incluso cargos penales. Pero el consumo de alcohol por menores de edad también puede causar un daño cerebral significativo. El cerebro de un adolescente no se desarrolla por completo hasta los 25 años. El consumo temprano de alcohol puede afectar ese desarrollo, causando problemas de memoria y una posible dependencia del alcohol más adelante en la vida. Para obtener más información para compartir con sus hijos adolescentes, lea el artículo de VIRTUS® en inglés, "Underage drinking isn't just illegal, it damages the brain" (El consumo de alcohol por menores de edad no solo es ilegal, sino que también daña el cerebro) en lacatholics.org/did-you-know/.
